

Personal Information

Name: **Mohammad**

Surname: **Sharifkia**

Sex: **Male**

Date of Birth: **24.07.1966**

Marital Status: **Married**

Nationality: **Iranian**

Occupation: **Associated professor, Department of RS & GIS, Tarbiat Modares University – Tehran**

Education

Ph.D: *Remote Sensing - Geohazard*, University of Delhi , India,2007

M.Tech: *Remote Sensing* , Andra University, India 2009

P.G.Diploma: *Remote Sensing & GIS* , IIRS (CSSTEAP), India 2006

M.Sc: *Geography* , Ferdwsi Mashhad University , Mshhad ,Iran- 1994

B.Sc: *Geography* , Ferdwsi Mashhad University , Mshhad ,Iran- 1991.

University Thesis

PhD Thesis: *RS & GIS Application in Geo-Hazard- A case study of Central Alborz N.Iran*, **Supervisor :** *Prof. C.S.Dubey*

M.Tech Thesis: *SAR microwave data processing and deferential interfromtric Technique (DInSAR) applying for Land subsidence mapping*
Supervisor: *Dr. R.S. Chatterjee*

P.G.Deploma: *DEM Generation & Morphology feature Extraction–Using InSAR*, **Supervisor:** *Dr.R.D.Garg*

M.Sc Thesis: *Evaluation of indistries and mining roles in regeonal grow and developemnt estrategy* (Case study South khorasan), **Supervisor:** *Dr. J. Javan*

B.Sc Thesis: *Fundemantal elements in regional development*, **Supervieor:** *Dr. S.A.Porphekohie*

Research Interests

SAR interfrometry

Geohazard
Regional planning
Aplide Remote Sensing
Evironmental study

Working Experience

Since 2008 - Assistant Professor in department of Remote Sensing Tarbiat Modares University

1996 – 2008 - Expert in Industries planning, Ministry of Industrial and Mining, GOV. Iran

Research Experience

I successfully submitted around 114 research project works as councilor in field of Geohazard studies, regional and planning, mines & industrial planning, environmental studies. Rural planning, Image interpolation and thematic mapping, etc. as mentioned per main titles in following list:

- 1- Evaluation of Rural Councils in Birjand Township (1987)
- 2- Nomad study in Eastern Iran (1989)
- 3- Soci-Economical studies for Kaltat Nadir and Bashagerd areas (1988-89)
- 4- Undervaluing areas Recognition & assessments Studies in east Iran
- 5- Reorganization study for Ashoadeh Inland in south east Caspian Sea(2000)
- 6- Soci-economical and Spatial studies for Khorasan master plan (1995)
- 7- Salt & Marble Mining studies in Eastern Iran (1998)
- 8- Land reorganization studies in North East Iran (Co-supervisor) (1993)
- 9- Desert studies in Iran (Co-supervisor) (1992)
- 10- Environmental studies for Leather industries areas (1994)
- 11- Soci-Economical studies for Khosef area –Birjand (1987)
- 12- Base map preparing for 480 areas in Tehran and Northern part of Iran (bases on aerial photo and Satellite images)- 1997 -2003
- 13- Pre-feasibility study for 16 propositions in Mining and Industries activities (2006)
- 14- Soil and Land Resource Capability study for 6 areas in Khorasan Province (1994)
- 15- Rural glide plan (studies and designing) for 21 Villages in Mazandaran Golestan, Khorasan , Sistan and balochestan provinces (1992-99)
- 16- Rural central services, study for reorganization and planning, applying in 7 areas of Eastern part of Iran (1992 -96)
- 17- Rural reorganization and planning studies for 17 areas of Iran (Mazandaran,Golestan, Khorasan ,Sistan and balochestan, Lorestan) – 1997- 99
- 18- Accumulation studies for Small and distributed Villages in 3 areas of eastern part of Iran (1990-94)
- 19- Rural settlement site suitability studies in 6 areas of eastern slide of Iran (1988 -90)

- 20- Geohazard studies (assessment and mapping) in 8 areas of North Iran (1998 – 2002)
- 21- Soci-Economical studies for 11 Natural resource management planning. (1989-92)
- 22- Industrial developing studies and planning, in 2 eastern province of Iran (1994-96)
- 23- Master plan studies and designing for South East Khorasan (1989)

Teaching Experience

- 1- Fundamental of Physics in Remote Sensing M Sc
- 2- Microwave Remote Sensing, M Sc
- 3- Remote Sensing Application M Sc
- 4- Fundamental of natural hazard assessment M Sc
- 5- Aerial photo Interpretation, B.Sc
- 6- GIS, M.Sc
- 7- Research Methodology, M.Sc
- 8- Hydrology, M.Sc
- 9- DTM, M.Sc
- 10- SDBMS, M.Sc
- 11- Geomorphological Lab work, M.Sc
- 12- Soil & Land Recourse, M.Sc
- 13- Geology Map Interpretation, B.Sc
- 14- Cartography, B.Sc
- 15- Geology of Iran, B.Sc
- 16- Principal of Remote Sensing, B.Sc

Awards

- 1- Distinguished graduate, Ferdowsi Mashhad University (MSc Degree)

Books / Chapters

Use of InSAR for Monitoring Land Subsidence in Mashhad Subbasin, Iran
Maryam Dehghani, Mohammad Javad Valadan Zanjani, Mohammad Sharifinia, Iman Entezam, and Sassan Saatchi- Environmental Remote Sensing and Systems Analysis - University of Central Florida, Orlando, USA , Chapter 2 “Sensing and Monitoring for Land Use Patterns, Reclamation, and Degradation” - CRC press- 520pp ,link: <http://www.crcpress.com/product/isbn/9781439877432>
