

## CV

**Parviz Azadfallah**

**PhD in Health Psychology**

**Dept. of Psychology**

**Neuropsychology Lab.**

**Tarbiat Modares University**

**+982182884688**

**azadfa\_p@modares.ac.ir**

**azadfallahparviz@gmail.com**

Parviz Azadfallah has a PhD in Health Psychology and became qualified in several international academic courses in Neuropsychology and Psychodynamic Psychotherapies. He started his scientific activity at the Psychology Department of Tarbiat Modares University (TMU) in 1999. He conducted many research projects and supervised 45 PhD theses and more than 50 Master dissertations. He established the University Counselling and Psychological Health Center in 2001. He also founded the Neuropsychology Laboratory of TMU in 2017. Azadfallah established the discipline of cognitive psychology during his responsibility as the head of the Psychology Department in 2018. He is also a member of the Cognitive Neuroscience Department at TMU since 2019. Azadfallah always had a sincere commitment to educating eminent students. His graduated students are now working at universities and research centers in Iran and other countries. His emphasis on the leadership of research projects, on the one hand, is based on experimental methods, and on the other hand, is conducted with the aim of knowledge construction through fundamental qualitative and culture-bound studies.

### **Research and Professional Fields of Interest:**

- Neuropsychology of Personality
- Embodiment & Social Cognition
- Brief Psychodynamic Psychotherapies
- Emotion Processing
- Cultural & Cross-Cultural Studies in Psychology

### **Academic and Professional Positions:**

- Faculty member of the Psychology Department at TMU since 1999
- Head of the Psychology Department at TMU (from 2001 to 2006; from 2010 to 2013; from 2015 to 2020; from 2023 to ....)
- Head of the Psychological Services & Counseling Center at TMU (from 1999 to 2009; from 2019 to 2022)
- The academic member of the Cognitive Neuroscience Department at TMU since 2019
- The academic member of the Psychology Department at the Iranian Academy of Medical Sciences since 2020
- The academic member of the Professional Board of Clinical Psychology at the Ministry of Health and Medical Education since 2022
- The academic member of the Psychology Department at SAMT Publishing Organization (from 2014 to 2017)

### **Publications:**

#### **(A) Books:**

- The Embodied Ego: The Narrative of Mind & Body Integration (2023), TMU Academic Publishing, Tehran, Iran.
- An Introduction to Artificial Psychology: Application Fuzzy Set Theory and Deep Machine Learning in Psychological Research using R (2023), Edited by Farahani, H., Blagojević, M., Azadfallah, P., Watson, P., Esrafilian, F., & Saljoughi, S.; Springer Nature, Switzerland.
- Cultural Psychology (2020), Edited by Heine, J. S.; Translated to Persian, By Azadfallah, P. and et., al.; SAMT Publishing, Tehran, Iran.
- Social Hope (2019), Edited by Azadfallah, P. and et. al. Social & Cultural Studies Center, Tehran, Iran.

- American Psychological Association (APA) Dictionary of Psychology (2012), Translated to Persian, By Azadfallah, P. and et., al. Arjomand Publishing, Tehran, Iran.
- The Development of Psychological Systems (1999), The Researchers Society Publishing, Tehran, Iran.

**(B) Published Journal Papers:**

- Why Do Iranian Preschool-Aged Children Spend Too Much Time in Front of Screens? A Preliminary Qualitative Study (2023). *Children* 10 (7), 1193, <https://doi.org/10.3390/children10071193>
- Personality-Based Emotion Recognition Using EEG Signals with a CNN-LSTM Network (2023). *Brain Sciences* 13 (6), 947, <https://doi.org/10.3390/brainsci13060947>
- Psychometrics Properties of Persian Version of Disagreement in Romantic Relationships Scale (2023). *Clinical Psychology and Personality* 20 (2), 207-220, <https://doi.org/10.22070/CPAP.2022.14857.1116>
- Personal need for structure as a protective factor on beliefs and coping with COVID-19: A crowd-sourced multicultural exploration (2023). *Soc Personal Psychol Compass*. e12797. <https://doi.org/10.1111/spc3.12797>
- Extracting a Novel Emotional EEG Topographic Map Based on a Stacked Autoencoder Network (2023). *Journal of Healthcare Engineering*, <https://doi.org/10.1155/2023/9223599>
- Investigating the psychometric properties of the religious and spiritual struggles scale (RSSS) in Iranian society (2022). *Quarterly of Applied Psychology*, 16 (3): 43-71, 2 <https://doi.org/10.52547/.222936.1096>
- Predicting the Social-Emotional Competence Based on Childhood Trauma, Internalized Shame, Disability/Shame Scheme, Cognitive Flexibility, Distress Tolerance, and Alexithymia in an Iranian Sample Using Bayesian Regression (2023). *Journal of Child & Adolescent Trauma*, <https://doi.org/10.1007/s40653-022-00501-1>
- Trans-diagnostic Treatments appropriate to Iranian culture (2022). *Iranian Journal of Culture and Health Promotion* 6 (3)

- The Psychometric Properties and Factor Structure of the Persian version of the Romantic Love Myths Questionnaire (2022). *Rooyesh-e-Ravanshenasi Journal (RRJ)* 11 (8), 1-12
  
- Practical Steps in Designing Therapeutic, Interventional and Educational Packages in Psychological Researches: Intervention Mapping Approach (2022). *Clinical Psychology and Personality* 20 (1), 177-197
  
- Talking with Iranian Trans Men: Their experiences and identity development (2022). *Journal of Gay & Lesbian Mental Health*, <https://doi.org/10.1080/19359705.2022.2072034>

- Biological and psychological foundations underlying addiction (2000). Journal of Psychology 15 (4), 249-235
- Brain/behavior systems: Biological structures of personality (2000). Modares humanities. 8(14)
- The Brain/Behavioral systems activity, life events, and immunoglobulin A changes (1999). Journal of Psychology, 3(9)
- The effect of success/failure on blood pressure changes based on sensation-seeking variance (1994). Journal of Research in Medicine, 4(18)

**(C) Conference Presentations/ Published Abstracts:**

- The Impact of Random Forest-Based Feature Selection Algorithm on Accuracy of Classification in Psychological Data Mining (2022); 51st Meeting of the European Mathematical Psychology Group, Rovereto, Italy.
- Bayesian Hypothesis Testing in Linear Models: A Case Study Predicting Mental Health (2022); APA Annual Convention, USA.

- Using the association rule mining in psychological research: A case study of trauma data (2022); 55th annual meeting of the society for mathematical psychology (virtual program).
- A Data-Driven Method for Capturing Comorbidity Structure in Mental Disorders (2022); The 2022 Annual Meeting of the International Society for Data Science & Analytics, Notre Dame, USA.
- Comparing The Accuracy Classification of the Machine Learning Algorithms Using Anxiety Data (2021); 4<sup>th</sup> International Conference on Modern Research in Social Sciences, Munich, Germany.
- Network Analysis in Psychological Research (2021); The 85th Annual Meeting of the Psychometric Society(virtual program).
- Fuzzy Cognitive Maps for Impact Assessment in Psychological Research: Case Study of Psychological Well-being (2021); 3<sup>rd</sup> International Conference on Modern Approaches in Humanities and Social Sciences, Amsterdam, Netherlands.
- Comparing the Generalized Estimating Equations (GEE) to Mixed Analysis of Variance (ANOVA) using Experimental Longitudinal data of Depression (2021); Australasian Mathematical Psychology Conference.
- The Third Wave of Interpretation of Psychological Results (2020); American Psychological Association, APA Virtual Convention.
- Fuzzy Perceived Significance: Intersection of Subjective and Objective Effect Size in Psychological Research (2020); 9th European Congress of Methodology, Valencia, Spain.
- Accuracy Study of Logistic Regression, SVM, and Neural Networks to Predict Diagnostic Uncertainty Fatigue of COVID-19 in an Iranian Student Sample (2020); 9th European Congress of Methodology, Valencia, Spain.

- Fuzzy Psychology: A Continuous Inference Approach in Psychological Research (2020); A Meeting of Methodologies- Advancing Methods Development, Application, and Teaching in Psychology, the Behavioral, and Social Science, (e-meeting).
- Comparison of Logistic Regression(LR), Fuzzy Rule-Based Classification(FRBC), and Multilayer Perceptron (MLP) Classifier using Anxiety Data (2020); 9th European Congress of Methodology, Valencia, Spain.
- P-Value Is Hacking Psychological Results: A New Method for Meta-Analysis on "Null Findings" Using Bayesian Statistics (2020); International Conference on Mathematical Psychology & Psychometrics, Buenos Aires, Argentina.
- Fuzzy Item Ambiguity Analysis in psychological testing and Measurement (2019); 50th Meeting of the European Mathematical Psychology Group, Heidelberg, Germany.
- The Effectiveness of Therapeutic Exercise on Motor Skills and Attention of Male Students with Autism Spectrum Disorders (2019); 21th International Conference on Psychological Sciences, Paris, France.
- The Effect of Digital Storytelling on Iranian Adolescents TOM. (2019), SCSMI conference, Hamburg, Germany.
- Psychometric Properties of Chronic Self-Destructiveness Scale (2014); 67th Canadian geotechnical conferences –GEOREGINA, Canada.
- Psychological Distance: A new approach towards health education (2011); The first international & 4th National congress on Health Education Promotion, Tehran, Iran.
- The relationship between Deficit in Affect Regulation with Physical Mental Health (2011); The first international & 4th National congress on Health Education Promotion, Tehran, Iran.

- The Effect of Belief Modification Program on Changing Attitudes Toward Marriage (2009); The 5th International Conference of Psychotherapy, India.
- Skill Training through Group Discussion: The Effects on Psychological Wellbeing (2008); 8th IUHPE European Conference on Health Promotion and Health Education, Turin, Italy.
- Psychometric properties of Gray-Wilson Personality Questionnaire (2007); 3<sup>rd</sup> Congress of Iran Neuropsychology, Tehran, Iran.
- Emotional Lateralization: Theoretical basis & historical roots (2007); 3<sup>rd</sup> Congress of Iran Neuropsychology, Tehran, Iran.
- The Effect of Extraversion/Neuroticism and positive/Negative Affect on Emotional Information Processing (2007); 3<sup>rd</sup> Congress of Iran Neuropsychology, Tehran, Iran.
- Revision of traditions and Modernity in Mental Health Promotion Strategies (2006); 3<sup>rd</sup> Conference of Students' Mental Health, Tehran, Iran.
- Blood pressure changes in Failure/Success situation according to hardiness (2003); 8<sup>th</sup> European Psychological Congress, Vienna, Austria.
- The effect of social support on life satisfaction, general health, and feeling alone (2003); 8<sup>th</sup> European Psychological Congress, Vienna, Austria.
- psychoneuroimmunology: A key concept in cancer Interventions (2006); International Congress of Childhood Cancer, Tehran, Iran.
- Providing a New Strategy for University Entrance Assessments Regarding Creativity Capacity (2002); The 1<sup>st</sup> Congress of Academic Counseling and Training Aptitudes, Tehran, Iran.

- The Secretary Immunoglobulin Changes in Mathematical Tasks Regarding Brain/Behavioral Systems Activity (2002); 2<sup>nd</sup> International Conference in Cognitive Sciences, Tehran, Iran.
- The Relationship between Context Dependent/Independent Learning Styles and the Achievement in Learning English Language (2002); 2<sup>nd</sup> International Conference in Cognitive Sciences, Tehran, Iran.
- Brain/Behavioral Systems Activity & Extraversion/Introversion in Women Suffering Rheumatoid Arthritis, (2002); 2<sup>nd</sup> International Conference in Cognitive Sciences, Tehran, Iran.
- Unconsciousness & Consciousness: From Janet to Piaget (2002); 32<sup>nd</sup> conference of Jan Piaget Society, Philadelphia, USA.
- The Prevalent Stressors & Coping Mechanisms in Iranian Girls (2001); 1<sup>st</sup> Conference of Students' Mental Health, Tehran, Iran.
- Health Psychology From The Psychoneuroimmunology Perspective (2001); 1<sup>st</sup> Conference of Students' Mental Health, Tehran, Iran.
- Stress and Immunological Changes (2000); 4<sup>th</sup> Congress of Stress. Iran Medical Sciences University, Tehran, Iran.
- The Grasping to Consciousness (1996); The Cognition Development Congress, Tarbiat Modares University, Tehran, Iran.
